ALZHEIMER'S & BEHAVIORAL SERVICES

Located within **Absecon Manor** is The Center for Alzheimer's and Behavioral Services, providing high quality care for individuals with behavior problems that are "unmanageable" or "unsafe" in traditional settings.

All behavior has meaning and our goal is to understand what the individual is trying to communicate through their behavior. We then develop treatment methods that decrease the behavior while maintaining the individual's dignity.

Our Mission

Absecon Manor, a highly skilled nursing center, is accredited by the Joint Commission on Accreditation of Healthcare Organizations (JCAHO). Setting the standard in providing high quality care, Absecon Manor offers Long Term Care, Sub-Acute & Rehabilitative Services, as well as a Center for Alzheimer's and Behavioral Services.

THE CENTER FOR LONG TERM CARE SERVICES

We provide the following comprehensive services:

- *Medical Management*
- *Post Surgical Care*
- *Rehabilitation*
- *Hospice (including Respite Hospice)*
- *Social & Recreational Activities*
- *Respite (Short Term Stays)*

Individualized Care Plans are established for each resident. Family members are encouraged to participate in establishing the Plan. We understand the special bond between you and your loved one, and will do our best to help maintain and strengthen that bond.

Inpatient Hospice Services at **Absecon Manor** is teamed up with various Hospice providers to give additional specialized end of life care and palliative care. Respite care is also available for shorter stays.

At **Absecon Manor**, we will do everything we can to accommodate your needs.

Sub-Acute & Rehabilitative Services

The therapy unit offers sub-acute and rehabilitative services for those patients who are well enough to leave the hospital, but not yet ready to return home. We understand the difficulties that may arise after an acute illness or accident. We strive to provide quality care, in a warm and comfortable setting.

TEAM COORDINATED SERVICES

Our services are team-coordinated among our compassionate staff of professional caregivers including physicians, physiatrists, physical therapists, occupational therapists, speech therapists, activities professionals, psychologists, rehabilitation nurses, case managers, dietitians and social workers.

Individualized care plans and one-to-one treatment programs focus on measurable outcomes helping each patient adapt and/or recover in the shortest period of time.
